

## Ultra-Fast print speed

### Mutoh ValueJet 628X

The XpertJet 1641SR Eco-Solvent single head, 4 colour (CMYK) printer delivers superior print quality with outstanding speed at an affordable price. The newly designed platform is packed with features like automatic bi-directional alignments, a user-friendly touch panel, added LED lighting, and an upgraded media feed flange that allows operators to easily and quickly load media and exchange multiple rolls. All features are designed to increase user-friendly operation and maintenance while continuing to offer high production, high-quality output. The "XPJ" 1641SR is paired with Mutoh's "MS41" Eco-Solvent ink, which offers users a larger color gamut, outstanding durability, and improved dot gain.

Product Code: XPJ1641SR

One print head
