

cohesive

Introducing the Bubble-Free Mouse

Not everyone has the space or access to install a large mounting and laminating table. Bubble-Free have solved that problem with the all new compact but mighty Mouse, available at a highly attractive price compared to other tables of similar build quality!

This little beauty has all the capability and finesse of its big brother, the Bubble-Free Pro, but in a smaller more portable package. Suitable for mounting and laminating digital prints to almost any flat surface up to a thickness of 60 mm the mighty Mouse makes big jobs seem small.

Get it right first time with perfect mounting, laminating and app taping.

Save time on every application

Safe and easy operation saving you time and money

Various sizes and additional features available to help make application easier

Suitable for PVC, Tint, Reflective and Sandblast

Bubble Free Technical Data

Model Number	#BBF1328
Width of the table	1300 mm
Working width	1260 mm
Length of the table	2800 mm
Working length	2500 mm
Height of table on wheels	850 mm
Max. material thickness	60 mm
Rubber roller diameter	100 mm
Weight	280 kg
Warranty	1 year

Benefits

- LED backlit surface with clear cutting mat
 - The pressure roller has 15mm thick soft rubber coating to guarantee the bubble free application.
 - No top bar restricting your access and use
 - No flex or twist in roller arm during use
 - Precise roller bearings provide smooth and silent beam movement
 - The pneumatic system uses FESTO parts. The pressure of the roller can be adjusted over a wide range by the pneumatic controller.
 - The castors with brakes allow the table to be easily moved or fixed in position.
 - Angled controllers for ease of use
 - Wheeled base for ease of movement
-
