

ORAJET® PVC Free 3172, 3174 Range

Ideal for brilliant and colourful advertising efforts, for indoor and short-term outdoor use, these PVC-Free films and laminate allow for installations, where environmentally friendly options are required and performance is a must. Suitable for even and slightly curved surfaces.

For outdoor applications, we recommend that the film should be used in combination with ORAGUARD® 236 laminating film.

Building on our commitment to becoming a more sustainable business partner, we are excited to introduce you to a very exciting new environmentally friendly PVC-Free product offering from ORAFOL®.
